

Landscape Delivery Truck Driver

We're different. As southeastern Wisconsin's sustainable landscape leader and only company offering a 100%-organic lawn care program, we're passionate about our mission – providing innovative landscape services that reduce energy, chemical and water-use footprints. We're equally passionate about providing our employees a healthy and safe work environment with significantly reduced exposure to chemicals, which is why we equip every crew with natural alternatives to conventional pesticides.

We're socially involved, partnering with non-profit and education-based organizations on projects that improve our communities and the environment. And we invest in our employee family, hosting monthly gatherings that foster our unique team culture – canoeing, rock climbing, boating and Milwaukee-area tours, to name a few.

Flexible full- and part-time schedules, including evenings and weekends, are available for qualified candidates – we have families and hobbies, too! And if you like to work a 50- to 60-hour week, that's an option. Our benefits package includes a Simple IRA plan with employer match, free chiropractic care, healthy activity stipend, paid holidays and a health insurance stipend for employees with qualifying plans.

If you're committed to the environment and in search of a healthier approach to creating and maintaining landscapes, you may be a great fit for our team!

This position is responsible for safely and efficiently loading, securing, transporting and unloading various landscaping equipment, tools, plants, hardscape materials, topsoil, bark mulch and much more. Loads typically originate at our yard in Milwaukee or at our vendors' locations.

RESPONSIBILITIES

- Provide safe and efficient transportation of equipment and materials
- Operate equipment and trucks in a safe manner
- Strive to perform work within budgeted time and materials allowance
- Communicate proactively and effectively with clients and teammates
- Communicate daily with Operations Manager
- Verify that all materials are in good condition at time of acceptance from vendors
- Present all invoices, pick-up tickets, P.O.'s, shipping documents, etc. to Production Manager daily
- Assist crews on jobs, as trucking workload dictates

REQUIREMENTS

- Clean driving record
- Valid Wisconsin Driver's License
- Must be able to operate all types of trucks, trailers, skid loaders, tractors, snow removal equipment and more
- Able to lift up to 100 lbs. and perform routine physical work
- Able to follow written instructions

OTHER DETAILS

- Full-time working hours vary from 6 a.m. to 4 p.m. Monday through Friday, with overtime potential and occasional weekends
- Part-time, flexible hours, including evenings and weekends, are available for qualified candidates
- Possible winter work, including snow removal
- Pay rates commensurate with experience
- Forward resume to info@greenteamwi.com
